Tutorial help 1

Search for a UNO building

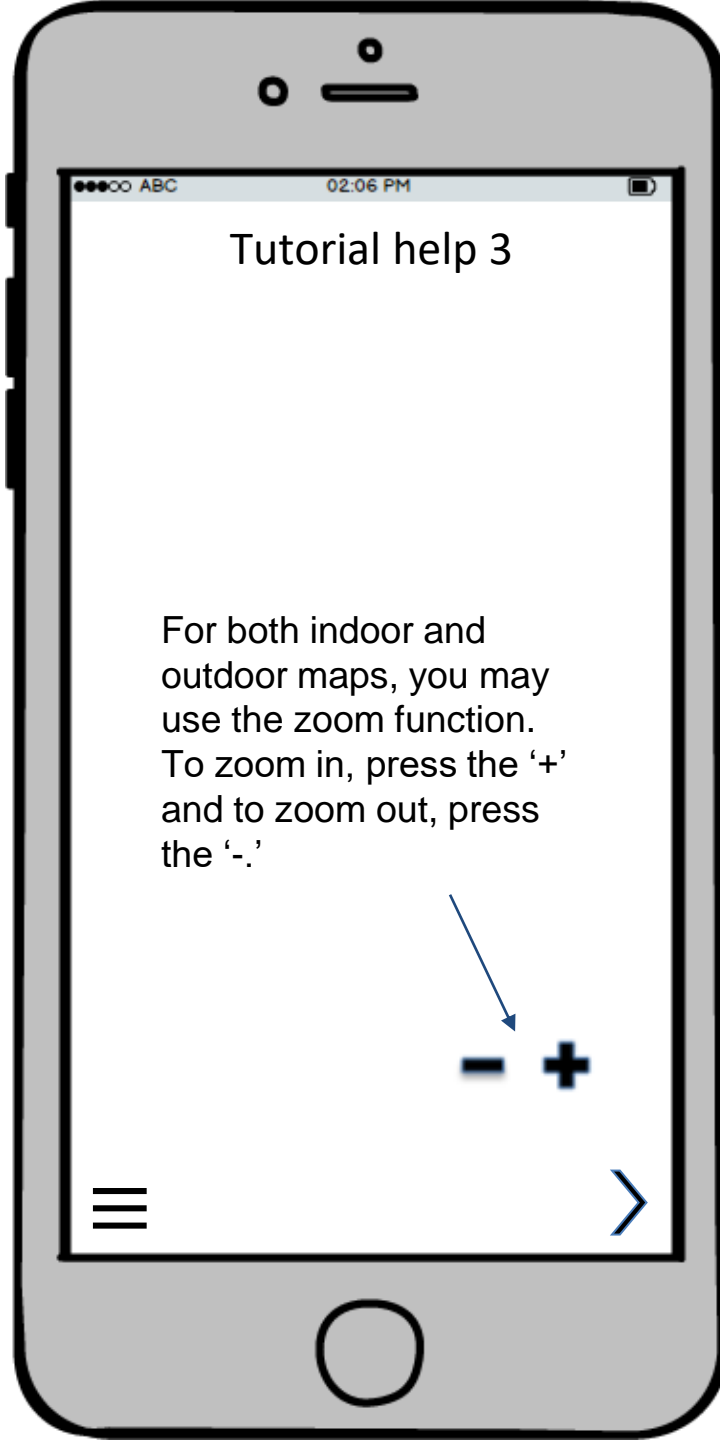

To search for a building, simply type in the building you are looking for or choose from the dropdown list. You may also select a building by simply clicking on it on the displayed map.

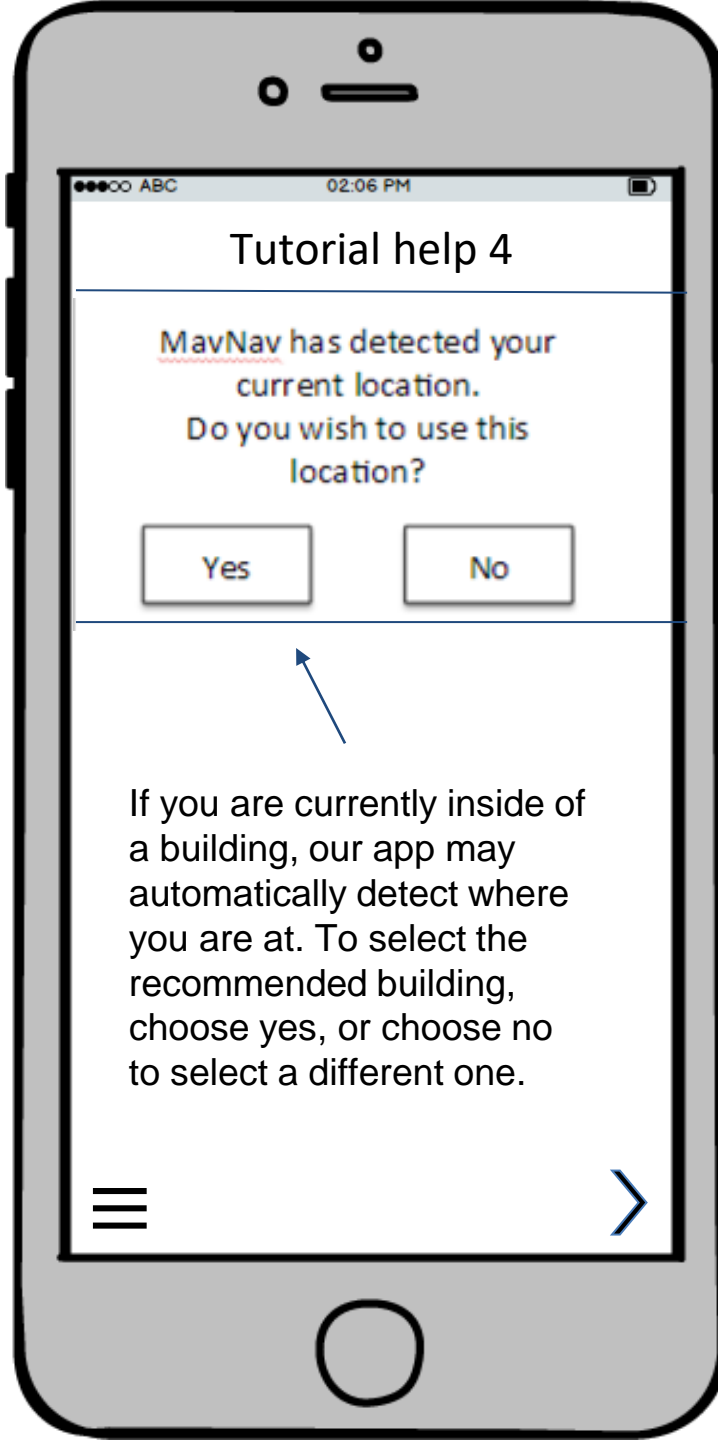

Tutorial help 2

Room Search

Once you have selected a building, it will display a map of the building. If you wish to find a room in the building, simply type in your search or select an option from the dropdown menu. You may also select a room by clicking on it in the displayed map.

Tutorial help 4

MavNav has detected your
current location.

Do you wish to use this
location?

Yes

No

If you are currently inside of
a building, our app may
automatically detect where
you are at. To select the
recommended building,
choose yes, or choose no
to select a different one.
